

Manual control, EC motor: 230 VAC Solution ID: MT2-----002

Solution details	Sentera products	
The fan speed can be adjusted continuously variable via the MTP-D010-DC potentiomenter.	Article code	Description
	MTP-D010-DC	Fan control potentiometer
Suited for motor type: EC motors with 0-10 VDC control input.  Motor control: Manual		
	External products	
	EC fan with 0-10 VDC control	
Consult the fan manufacturer for the correct wiring
